Explainer Video: Cloud Reliability and Zero-Downtime Architecture

Target Duration: 90 seconds

Storyboard Scenes

Scene #	Visual Description & On-Screen Text	Voiceover Narration
#1	Clean animated title card with glowing cloud node topology and heartbeat monitor. On-Screen: TransformAI: Resilient Architecture	<i>"When milliseconds matter, how does enterprise cloud infrastructure stay resilient? Welcome to TransformAI."</i>
#2	Split-screen schematic showing server outage in Zone A and instant automated redirection to Zone B. On-Screen: 99.99% Availability • Zero Data Loss	<i>"With three interconnected availability zones and automated failover, service never skips a beat."</i>
#3	Magnifying glass inspecting verified document chunks and green checkmarks appearing on claim cards. On-Screen: Claim-Level Verification Complete	<i>"Every claim and report is source-grounded and independently verified against source truth."</i>
#4	Closing logo with university and project branding. On-Screen: TransformAI • SIH26154	<i>"TransformAI. Source-grounded content transformation powered by generative AI."</i>

Claim Verification Summary (M6 Engine)

Total Claims Analyzed: 4 | Supported: 2 | Contradicted: 0 | Partially Supported: 1 | Insufficient Evidence: 1

Claim Statement	Verdict	Explanation
Platform guarantees 99.99% availability SLA.	SUPPORTED	Directly corroborated by SLA specification in Document Section 1.
Multi-region automatic failover is active across 3 availability zones.	SUPPORTED	Confirmed in Section 2 Redundancy Architecture.

Cross-region replication latency is sub-5ms.	PARTIALLY_SUPPORTED	Replication is confirmed but regional exact latency bound is not explicitly stated.
Quantum encryption modules are pre-installed.	INSUFFICIENT_EVIDENCE	No evidence found in source chunks regarding quantum cryptography.

Provenance & Source References

The following discrete source chunks from the indexed repository were retrieved to ground this generated artifact.

Ref #	Source File	Section Heading	Page / Chunk
[1]	DOC-DEV-01-TECH.txt	SLA Overview	Page 1 (Chunk 0)
[2]	DOC-DEV-01-TECH.txt	Redundancy Architecture	Page 2 (Chunk 1)
